

REMARKS

The Examiner has stated that claims 31-33 are allowed. (Office Action, pp. 1 and 5). To advance prosecution, claims 1-30 and 34-36 have been cancelled above. In addition, new device claims 37-47, which depend directly or indirectly from allowed claim 31, and therefore incorporate the allowable subject matter of claim 31, are presented above.

Support for claims 37-47 is found in original claims 2-4, 7-9, and 26-30.

It respectfully is submitted that claims 37-47 do not introduce new matter, and approval of the same respectfully is solicited.

In view of the foregoing, favorable action on the merits, including withdrawal of each rejection and allowance of all claims, respectfully is submitted.
